

## NCBSMC AAR (Example)

### Nationals Group Ride

#### 1. Start point brief

**Discussion:** Road Captain (RC) and Tail gunner (TG) briefed the route, hand and arm signals, safety precautions during the ride, conducted comms checks, identified alternate RC and TG, and determined the number of gas stops (smallest tank size).

**Issue:**

**Recommendation:**

#### 2. Allotted time for gas stops

**Discussion:** RC relayed to the group how much time will be allotted to refuel. 10 minutes once the last person fills-up during rest stops.

**Issue:**

**Recommendation:**

#### 3. Communications

**Discussion:** Comms is established between the Road Captain & Tail Gunner for control of the group, with all riders who have available comms monitoring the RC/TG traffic.
